Good afternoon Dr. Ho,

I'm reaching out again to see if you'd speak to us regarding the human research project at the VA.

We just found out that the VA IRB investigated and published a report in October that found "serious noncompliance." It also said that "the former PI" -- (you) -- "should be notified of the outcome of this review."

Were you notified? Do you have any thoughts on it? What about Schnabl's role in all this?

Thank you.

-Brad

Dr. Ho,

I'm reaching out again for an interview because since we published the story last week about the OSC/OMI investigations into your former research, Congressman Scott Peters has requested a congressional hearing in a letter to ranking members of the House Committee on Veterans' Affairs.

Please let me know if you have time to talk. Thank you.

Dr. Ho,

I'm again trying to reach you for a story we will soon be publishing about the OMI/OSC investigation into allegations of unethical human research during your tenure at the VA. Would you please let me know the best time to do an interview, and whether you'd rather talk by phone, email, Skype, etc? Thank you very much.

-Brad Racino
